

SETU SAMPOORNA HEALTH PLAN — PROSPECTUS

Setu Health Insurance Limited IRDAI Registration No. 187 | UIN:
SETUHLIP26001V012526 Product Type: Individual & Family Floater Indemnity Health Insurance

This is a fictional document created for demonstration and testing purposes. "Setu Health Insurance Limited" and "Setu Sampoorna Health Plan" do not exist. Figures, clauses and the insurer are invented and must not be relied upon as a real insurance contract.

1. About this Product

Setu Sampoorna is a comprehensive indemnity health insurance plan that reimburses or settles, on a cashless basis, expenses incurred towards hospitalisation arising out of illness or injury. The Plan may be issued on an **Individual** basis (each insured person has a separate Sum Insured) or a **Family Floater** basis (a single Sum Insured shared across all insured members).

The contract is governed by this Prospectus read together with the Policy Wording, the Customer Information Sheet, and the Policy Schedule. In the event of a conflict, the Policy Wording prevails. Benefits become payable only where the treatment is **Medically Necessary** (see Section 13) and the claim is otherwise admissible.

2. Eligibility

Parameter	Provision
Adult entry age	18 years to 65 years
Dependent child entry age	91 days to 25 years
Maximum renewal age	Lifelong, no exit age
Policy tenure	1, 2 or 3 years
Relationships covered (Floater)	Self, spouse, up to 3 dependent children, parents and parents-in-law

A child aged between 91 days and 25 years may be covered only so long as at least one parent is concurrently insured under the same Policy. A child who attains 26 years at renewal must be moved to an individual policy; continuity of waiting-period credit is preserved on such migration (see Section 11.5).

3. Sum Insured (SI)

The following Sum Insured options are available: **₹5 Lakh, ₹10 Lakh, ₹15 Lakh, ₹25 Lakh, ₹50 Lakh and ₹1 Crore.**

Certain benefits and the availability of certain optional covers are linked to the Sum Insured opted; such linkage is specified at the relevant clause. The Sum Insured represents the maximum aggregate liability of the Company per policy year, save where the Restore Benefit (Section 4.11) operates.

4. Scope of Cover (Base Benefits)

4.1 In-patient Hospitalisation

Reasonable and Customary medical expenses for room, boarding, nursing, intensive care, surgeon and specialist fees, anaesthesia, blood, oxygen, operation-theatre charges, medicines, diagnostics, and implants, where the Insured Person is admitted for a continuous period of not less than **24 hours**. The minimum-duration requirement does not apply to Day Care Treatment (Section 4.3) or to a stay shortened solely on medical advice.

4.2 Pre- and Post-hospitalisation

Medical expenses incurred **60 days immediately before** admission and **180 days immediately after** discharge, in each case relating to the same condition for which in-patient hospitalisation was admissible.

4.3 Day Care Treatment

All Day Care Treatments — procedures that, owing to technological advancement, require less than 24 hours of hospitalisation — are covered up to the Sum Insured. Treatments taken in the out-patient department are not Day Care Treatments and are not covered under this benefit.

4.4 Domiciliary Hospitalisation

Medical treatment availed at home is covered, up to the Sum Insured, where the condition would otherwise have required hospitalisation but (a) the Insured Person could not be moved to a hospital, or (b) a bed was unavailable, and where the treatment continues for at least **three consecutive days**. Conditions listed in the Policy Wording (e.g. asthma, bronchitis, chronic nephritis, diarrhoea, hypertension, influenza) are excluded from this benefit.

4.5 AYUSH Treatment

In-patient treatment under Ayurveda, Yoga, Naturopathy, Unani, Siddha and Homeopathy systems is covered up to the Sum Insured, provided treatment is taken in a government hospital or in an AYUSH facility recognised by the relevant authority/quality council.

4.6 Ambulance

- **Road ambulance:** up to ₹5,000 per hospitalisation.
- **Air ambulance:** actual expenses up to ₹5,00,000 per policy year, available **only on Sum Insured of ₹25 Lakh and above**, and only for transfer to the nearest hospital able to provide the required care.

4.7 Organ Donor Expenses

In-patient hospitalisation expenses of the organ donor are covered up to the Sum Insured for the harvesting of the organ, where the Insured Person is the recipient and the claim for the transplant is itself admissible. Costs of acquisition of the organ and the donor's pre/post-hospitalisation are not covered.

4.8 Modern Treatments

Expenses towards specified advanced procedures — including robotic surgery, stereotactic radio-surgery, oral chemotherapy, immunotherapy, deep-brain stimulation, and balloon sinuplasty — are covered up to **50% of the Sum Insured** per policy year, whether as in-patient or day care.

4.9 Mental Healthcare

In-patient treatment of mental illness is covered on the same basis as any other illness, subject to the waiting periods in Section 6.

4.10 Health Check-up

A preventive health check-up is available **once per policy year**, up to **1% of the Sum Insured subject to a maximum of ₹10,000**, irrespective of claims history. This benefit is over and above the Sum Insured.

4.11 Restore Benefit

If the Sum Insured (including any accrued Cumulative Bonus) is partly or wholly exhausted during the policy year, **100% of the base Sum Insured is automatically restored once per policy year**. A restored amount may be used only for a claim **unrelated** to any illness/injury for which a claim has already been made in that policy year, and cannot be carried forward.

4.12 Cumulative Bonus

For every claim-free policy year, the Sum Insured is increased by **50%**, up to a maximum accumulation of **100% of the base Sum Insured**. In a policy year in which a claim is paid, the accrued bonus reduces by 50% at the next renewal. The bonus is forfeited if the Policy is not renewed within the Grace Period (Section 11.3).

5. Sub-limits and Co-payment

Benefits in Section 4 are paid in full up to the Sum Insured **except** where a sub-limit or co-payment applies under this Section. Where both a sub-limit and a co-payment apply to a claim, the sub-limit is applied first and the co-payment is then applied to the balance.

5.1 Room Rent

For Sum Insured of **₹10 Lakh and above**, there is no capping on room category; a single private air-conditioned room is admissible. For Sum Insured of **₹5 Lakh**, room rent is restricted to **1% of the Sum Insured per day** and Intensive Care Unit charges to **2% of the Sum Insured per day**. Where the Insured Person occupies a room exceeding the eligible category, all associated charges (other than the cost of pharmacy, implants and diagnostics) are payable **proportionate** to the eligible room rent.

5.2 Disease-specific Sub-limits

Condition / Procedure	Limit
Cataract	₹40,000 per eye, subject to ₹75,000 per policy year
Knee / Hip joint replacement (other than due to accident)	₹1,50,000 per joint
Modern Treatments (aggregate)	50% of Sum Insured (per Section 4.8)

5.3 Co-payment

- Age-based:** Where the eldest Insured Person is **61 years or above at the date of first purchase** of this Plan, a mandatory **10% co-payment** applies to every admissible claim under the Policy and continues for the life of the Policy.
- Zone-based:** India is classified into Zone A (metro cities), Zone B and Zone C. Where the Policy is issued for a Zone B or Zone C location but treatment is taken in a Zone A city, a **15% co-payment** applies to that claim, unless the **Zone Upgrade** optional cover (Section 7.4) has been opted.

6. Waiting Periods

No claim is payable for a condition until the applicable waiting period, counted from the date of first commencement of continuous coverage under this Plan, has elapsed.

6.1 Initial Waiting Period

30 days from the policy commencement date for any illness. This does not apply to hospitalisation arising out of an **Accident**.

6.2 Specified Diseases / Procedures — 24 months

The following are not covered until **24 months** of continuous coverage have elapsed: cataract; benign prostatic hypertrophy; hernia of all types; hydrocele; fissures, fistula and haemorrhoids (piles); gallstones and cholecystectomy; kidney and urinary-tract stones; varicose veins; benign tumours, cysts, polyps; sinusitis, tonsillitis and adenoids; hysterectomy and conditions of the uterus; **joint-replacement surgery not necessitated by an accident**. Where any such condition is a Pre-existing Disease, the longer Pre-existing Disease waiting period (Section 6.3) applies instead.

6.3 Pre-existing Diseases (PED) — 36 months

Any condition, ailment, injury or disease that was diagnosed, or for which medical advice or treatment was recommended by or received from a physician, **within 48 months prior** to the issuance of the first Policy, is covered only after **36 months** of continuous coverage. This period may be reduced by opting for the optional cover at Section 7.3.

6.4 Maternity — 24 months

Where the Stork Cover (Section 7.1) is opted, maternity expenses are payable only after **24 months** of continuous coverage with that cover in force.

6.5 Bariatric Surgery — 36 months

Bariatric (weight-reduction) surgery, where Medically Necessary and where the Insured Person's Body Mass Index is **40 or above**, or **35 or above with a specified comorbidity**, is covered after **36 months** of continuous coverage. Surgery undertaken for cosmetic reasons is excluded under Section 8.

7. Optional Covers (available on payment of additional premium)

7.1 Stork Cover (Maternity)

Covers expenses for delivery and lawful medical termination, subject to a **24-month** waiting period (Section 6.4) and available only on Sum Insured of **₹10 Lakh and above**. Limits per delivery: **₹50,000 for a normal delivery and ₹75,000 for a caesarean section**. A maximum of **two deliveries** is payable over the lifetime of the Policy. A new-born is covered from birth within the maternity limit, and new-born vaccination expenses are payable up to **₹10,000** in the first year. Pre-natal and post-natal expenses outside hospitalisation are not covered.

7.2 Room Rent Waiver

Removes the room-rent restriction applicable to the ₹5 Lakh Sum Insured under Section 5.1.

7.3 PED Wait Reduction

Reduces the Pre-existing Disease waiting period under Section 6.3 from 36 months to either **24 months or 12 months**, as opted and endorsed on the Schedule.

7.4 Zone Upgrade

Waives the zone-based co-payment under Section 5.3 so that treatment anywhere in India is settled without the 15% deduction.

7.5 Voluntary Deductible

The Insured Person may elect a per-policy-year aggregate deductible of **₹25,000, ₹50,000 or ₹1,00,000** in exchange for a premium discount. Claims are payable only after the chosen deductible is exhausted in the policy year.

7.6 Consumables Cover

Covers non-payable items (gloves, syringes, administrative consumables and the like) ordinarily listed as non-medical expenses, which are otherwise not payable.

7.7 OPD Care

Reimburses out-patient consultation, pharmacy and diagnostic expenses up to **₹5,000 or ₹10,000** per policy year as opted. This is the only circumstance in which out-patient expenses are payable under the Plan.

8. Permanent Exclusions

The Company is not liable for, among the exclusions set out in full in the Policy Wording:

- Expenses for investigation and evaluation not consequent to a confirmed diagnosis (**Excl04**); rest cure and rehabilitation (**Excl05**).
- Treatment of obesity except where the bariatric criteria in Section 6.5 are met (**Excl06**); change-of-gender treatment (**Excl07**); cosmetic or plastic surgery unless necessitated by accident, burns or cancer (**Excl08**).
- Injury or illness arising from participation in **hazardous or adventure sports** in a professional or competitive capacity (**Excl09**); any condition arising from the Insured Person's **breach of law with criminal intent** (**Excl10**); treatment at an **excluded provider** notified by the Company (**Excl11**); treatment for **alcoholism, drug or substance abuse** (**Excl12**).
- **Dental treatment**, unless necessitated by an accidental injury requiring in-patient hospitalisation; spectacles, contact lenses and hearing aids; external congenital anomalies; sterility, infertility and assisted reproduction; unproven or experimental treatments; war, nuclear and allied perils.

Standard exclusion codes correspond to IRDAI-prescribed standard exclusion wordings.

9. Claims Procedure

9.1 Cashless

Cashless facility is available at any of the Company's **Network Providers**. For a planned hospitalisation, the pre-authorisation request must reach the Company **at least 48 hours**

before admission. For an emergency, it must reach the Company **within 24 hours of admission**. Pre-authorisation is an estimate; final settlement is on the basis of the bills actually incurred and the terms of the Policy.

9.2 Reimbursement

Where treatment is taken at a non-Network hospital, or cashless is not availed:

- **Intimation** to the Company: within **24 hours** in an emergency, and **48 hours before** a planned admission.
- **Submission** of documents: within **15 days of discharge** — duly completed claim form, original discharge summary, hospital and pharmacy bills with receipts, investigation reports, prescriptions, the treating doctor's certificate, and KYC/identity proof.

9.3 Settlement Timeline

The Company will settle or reject a claim within **15 days** of receipt of the last necessary document. Delay in settlement beyond the permitted period attracts interest at the bank rate plus 2%, in accordance with IRDAI regulations.

9.4 Third-Party Administrator

Cashless and reimbursement claims are serviced through Setu Health Services (in-house claims unit). The Insured Person may contact the 24×7 helpline printed on the health card.

10. Premium

Premium depends on the age of the eldest Insured Person, the Sum Insured, the zone of residence, the policy tenure, the optional covers selected, and the outcome of any underwriting. The Company may apply a health (risk) loading based on disclosures and medical findings; the loading, if any, is communicated before issuance and the proposal may be accepted, modified or declined. Premiums are subject to applicable taxes.

11. Policy Terms and Conditions

11.1 Policy Period

The Policy is issued for a term of 1, 2 or 3 years as opted and shown on the Schedule.

11.2 Free-look Period

The Insured Person may, within **30 days** of receipt of the Policy, review the terms and, if not acceptable, cancel the Policy. Where no claim has been made, the Company refunds the premium less proportionate risk premium for the period on cover, and the expenses of any medical examination and stamp duty.

11.3 Grace Period

A **30-day** Grace Period is allowed for payment of the renewal premium. Coverage is not available for any event occurring during the period of the lapse before renewal, but

continuity of waiting-period credit and Cumulative Bonus is preserved if renewal is effected within the Grace Period.

11.4 Renewability

The Policy is renewable for the lifetime of the Insured Person and will not be denied renewal except on grounds of established fraud, moral hazard or misrepresentation, or where the Policy is withdrawn with regulatory approval and a substitute offered.

11.5 Portability and Migration

The Insured Person may port this Policy to another insurer, or migrate to another product of the Company, in accordance with IRDAI portability regulations. A request to port must be made **at least 45 days, and not more than 60 days, before** the renewal date. On porting or migration, accrued credit towards the Pre-existing Disease and specified-disease waiting periods is granted to the extent of the previous Sum Insured.

11.6 Moratorium Period

After **60 months** of continuous coverage (the Moratorium Period), no claim may be contested on the ground of non-disclosure or misrepresentation, **except** where the claim is proven to be fraudulent. The Moratorium applies to the Sum Insured in force at its completion; any subsequent enhancement of Sum Insured carries a fresh Moratorium on the enhanced portion.

11.7 Cancellation

The Insured Person may cancel the Policy at any time; the Company refunds premium on a **pro-rata** basis for the unexpired period, provided no claim has been made. The Company may cancel only on grounds of established fraud or misrepresentation, in which case no refund is payable.

11.8 Multiple Policies

Where the Insured Person holds more than one indemnity policy, claims are settled in accordance with the IRDAI rules on contribution; the Insured Person may choose the insurer through which to first prefer the claim.

12. Grievances

A grievance may be registered with the branch, the customer-service helpline, or the Grievance Redressal Officer. If not resolved within the prescribed period, the complaint may be escalated to the IRDAI Bima Bharosa portal or to the Insurance Ombudsman having jurisdiction.

13. Key Definitions

- **Hospital** — an institution registered as a hospital with the local authorities, or one that has at least 10 in-patient beds (15 in towns above 10 lakh population), qualified

nursing staff and medical practitioners round the clock, a fully equipped operation theatre, and that maintains daily records accessible to the Company.

- **Day Care Treatment** — medical or surgical treatment that, owing to technological advancement, is undertaken in less than 24 hours in a hospital or day-care centre; it does not include out-patient treatment.
- **Pre-existing Disease** — see Section 6.3.
- **Medically Necessary** — treatment that is required for the condition, is consistent with the diagnosis, is appropriate to the standard of medical practice, and is provided at an appropriate level of care.
- **Reasonable and Customary Charges** — charges for services or supplies that are the standard charges for the geographic area, for an identical or similar condition.
- **Cashless Facility** — a facility under which the Company settles, subject to pre-authorisation, the admissible hospitalisation costs directly with a Network Provider.
- **Network Provider** — a hospital enlisted by the Company to provide the Cashless Facility.
- **Co-payment** — a defined percentage of the admissible claim that the Insured Person bears, which does not reduce the Sum Insured.
- **Deductible** — a defined amount that the Insured Person bears before the Company's liability begins, as elected under Section 7.5.

End of Prospectus. Fictional demonstration document — not a real insurance product or contract.
